Do you have an extraordinary passion for your work?

Here at ID*, we want to celebrate those who are extraordinarily passionate and committed to their work - those who make a difference, regardless of their title, role or job function.

The most inspiring and authentic stories are found in real life. That's why we've visited passionate people in a wide range of industries - from the physiotherapist

and the woodcutter to the surgical nurse and the aircraft cleaner.

What they all have in common is that they have a story to tell - they are passionate and proud of their work, and they want to inspire you to do your best too - every single day. Let's celebrate those with a passion and those where striving for quality is part and parcel of everyday life.

ONE T-SHIRT A THOUSAND JOBS

Every day, the T-shirt is used in thousands of different professions, regardless of title, role or job function. The T-shirt helps convey who you are both at work and in your spare time.

Have you seen our branding video? Experience it on our YouTube channel: ID® Identity

THE KEYWORD IS RESPONSIBILITY

For ID® it is a constant journey towards creating a more responsible world. Over the last 12 years we have taken both small and big steps towards reaching our common goal - making products that do not affect people and environment more than necessary. Throughout our value chain we take responsibility for constantly working for accountability. Specifically, we work with four tracks in our work with responsibility.

Social responsibility

Every year we focus on working conditions both social and ethical. Our goal is to ensure that every employee is part of the ID® community - not just in Denmark but also internationally. It is the people that create Identity.

Environment

We support environmentally friendly technologies, products and raw materials. In collaboration with our suppliers, our goal is to minimise our environmental impact on the textile industry. This is a continuing effort that we develop year after year.

Product lifespan

All our products have undergone a strict process to ensure the products quality. We want to ensure that every product has a long lifespan and it is produced and handled correctly throughout the entire process.

Transparency

We want to be transparent and actively communicate our work within responsibility. We believe that increased transparency creates better value when we show our efforts in relation to the environment, social responsibilities and product lifespan.

GET BEHIND THE SCENES ON QUALITY NEEDS NO LABEL

Everyday, we kit out many different companies and events, and this is something that brings us great pride. With our Quality Needs No Label campaign, we felt it was time to shine a light on the people who make a difference – no matter their title, role or function – and for whom quality is a part of their everyday lives.

The most inspiring and genuine stories are found in the real world, and so with Quality Needs No Label we took a deep-dive into a range of different stories to place focus on the people who wear our clothes each and every day, so we can praise them for the extraordinary passion and commitment they show in their work and in their leisure pursuits. We know them all – and they are all passionate about what they do.

The whole thing began when we cleared our calendars, hired a photographer and went off together to roll up our sleeves with an aircraft cleaner, a lumberjack,

a nurse and a physiotherapist. We got a first-hand look at their everyday lives and got to experience their commitment in all they do, whether it be quality and precision, care for the earth or rehabilitation and healthcare. The result was a series of inspiring portraits and images which are now the external face of ID®. See and experience these inspiring days here on this page.

This means that no matter whether you engage with us on social media, through our website or in our catalogue, it will be Morten the aircraft cleaner, Mathias the lumberjack, Mikkell the nurse and Eva the physiotherapist you will be meeting. It is their stories we're telling and their passion we show. All in all, the aim is to inspire others to give it their very best in what they do – each and every day. This is Quality Needs No Label.

THE PASSION IS ANCHORED IN ACTIVITY

"As a physiotherapist in a care home,
my passion is to see the residents
succeed in preserving their skills so
they can do the things they want to do."

//

I love helping the
residents lead
more active lives

THE WARDROBE STARTS WITH THE T-SHIRT

EVA, AGE 61 PHYSIOTHERAPIST IN A CARE HOME

"My passion is to see how residents are successful in maintaining their skills so they can do the things they want to do."

[EVA RECOMMENDS]

"In my job, it is important to wear clothes that aren't too tight or that don't impede me when I move. If I'm unable to perform the same movements as the residents, it impedes my work."

The best thing I know is to find the product that fits the customer's needs perfectly

POLO SHIRT - A TRUE EVERYDAY CLASSIC

GABI, AGE 19 SALES ASSISTANT

"I chose to become a sales assistant because I love socialising and spending time with people. It was one of the biggest reasons why I chose to go down the retail route."

[GABI RECOMMENDS]

"The clothes I wear in the store not only have to look good, but also have to be comfortable to wear all day. To me, the fit is really important, but the quality also has to be good. Both things are important when you're doing physical work."

DELIVERY ON TIME

"I've always been interested in trucks, and I think it's a great responsibility to drive around with so many tons. A responsibility I'm happy to shoulder. It's also important to me to provide good service, and I like the customer contact. It's fun to meet a lot of new people every single day, and they are always happy when I bring their goods."

//

**I love driving around
and meeting new
people every single
day**

LASSE, AGE 29 DRIVER

"I have always liked going on trips; right from when I was a child, I used to ride my bicycle a lot. When I got older and had a moped, it also led to many trips. Later, the moped was replaced by a car. Getting out and seeing different things has always fascinated me."

SWEATSHIRTS THAT ALWAYS KEEP ME WARM

[LASSE RECOMMENDS]

"On my usual workdays, I move around a lot, so my clothes need to be durable and have a snug fit so I stay warm. The quality has to be good, and the clothes need to be able to withstand frequent washings, since my work entails many different delivery locations where my clothes easily get dirty."

CLOTHING THAT ARE MADE TO LAST

PRO Wear by ID*

SARAH, AGE 33 NURSE

"After many years as a product photographer, I needed to do something more meaningful - so I started studying to be a nurse. I love working with people and especially with children."

[SARAH RECOMMENDS]

"I expect my workwear to be flexible, stretchable, breathable and durable. I must be able to move freely without worrying that my clothes will break or be too tight. Beyond this, my workwear must be able to withstand washing at high temperatures due to hygienic concerns."

[No. 0373]

GREAT CUSTOMER SERVICE

"It makes me happy when I go home from work with a sense that I've given the guests a good experience, and they have been satisfied and praised my work. I work at a sushi restaurant, and I'm very passionate about high-quality sushi."

//

I love meeting new people and seeing how happy people are

LÆRKE, AGE 19 WAITRESS

"I chose to become a waitress as I would like to gain experience in a new area in the hospitality industry and try my hand at waiting tables. At the same time, I also take pride in giving the guests a good experience and making them happy."

KNIT - WARM AND STYLISH

[LÆRKE RECOMMENDS]

To Lærke it is important to express professionalism and good service. Her work as a waitress puts various demands on her clothing. So a combination of a shirt and knit is often in use.

[No. S52]

A groundbreaking reinterpretation of the classic shirt that combines the latest technologies with thoroughly tested and sustainable fibre production.

FOCUS ON THE ANIMALS

"Animals are my true passion. It makes me calm and happy to spend time with them and see them thrive and develop. I've always been interested in breeding, and I think it's very interesting to develop the best characteristics in the animals."

//

I've always focused intently on animal welfare, and I think it's very important that they're thriving and happy

SHIRTS - NOT ONLY MADE TO LOOK GOOD

[THOMAS RECOMMENDS]

"Regardless of whether I'm in the tractor or feeding animals, it's important to me that I feel comfortable in my workwear and that it's durable and fits me well. My daily life is very active, so the clothes need to be durable enough to withstand many high-temperature washings."

THOMAS, AGE 40 FARMER

"I'm born and raised on a small farm, and I've always worked with animals. That's why having a small spare-time farm myself is completely natural for me."

A FOCUS ON NATURE

"As a woodcutter, I have great knowledge of nature, plants, trees and pruning. When I do my job, I feel very satisfied because I know I've treated the plants and trees in the best possible way."

//

I love to be outside
in all kind of weather
- even on a cold
winter's day

MATHIAS, AGE 23 WOODCUTTER

"My work gives me great satisfaction in being able to do a good job for both private and public customers. What I really love is getting out into all kinds of weather and seeing how nature changes day by day."

FLEECE WITH MORE THAN ONE FUNCTION

[MATHIAS RECOMMENDS]

"The clothes and equipment Mathias wears as a woodcutter must be both comfortable and durable. Mathias needs to be able to move freely, and it's important that the equipment doesn't impede his movements when he's high up in a treetop."

WITH PASSION FOR AIRCRAFTS AND MECHANICS

"I've been an aviation geek ever since I was a little boy. It is the greatest passion of my life. Every night, we pull the plane out of the water and spend five hours cleaning every single nook and cranny."

//

From a young age, I've always been an aviation geek with an interest in aircraft and mechanics

MORTEN, AGE 59 AIRCRAFT CLEANER

"The two Sea Twin Otter seaplanes we fly are from 1978, so we take care of them as if they were our own children. They are made from aluminium and that's why they require extra care after spending 14 hours in salt water. They are washed down, lubricated and washed literally everywhere - it's all about avoiding rust and maintaining safety."

OUTERWEAR DESIGNED FOR EVERY SEASON

[MORTEN RECOMMENDS]

"The clothes and equipment Morten wears as an aircraft cleaner must be flexible, warm and comfortable. Morten cleans the planes both day and night - in all kinds of weather. That's why it's important that the clothes and equipment can withstand extreme weather conditions."

THE QUALITY IS IN THE DETAIL

"My father is a fisherman, and when I was a boy, he told me: "A blacksmith can always get a job on a fishing boat." Since then, I have always been good at practical work, and I got an apprenticeship as a blacksmith after school. For me, it's a meaningful craft."

**When you work
as a blacksmith, it
is important that
the clothes have a
good fit**

TONY, AGE 45 BLACKSMITH

"For me, blacksmithing is a meaningful craft. It is overwhelmingly exciting to cut up an oil tank in the workshop, transport it to the customer, weld it together, pressure test it, and subsequently paint it. I am really happy to work as a blacksmith, and it is interesting to be involved in the whole process from start to finish."

PANTS FOR EVERY OCCASION

[TONY RECOMMENDS]

"When you work as a blacksmith, the clothes must have a good fit so that you feel comfortable throughout the day. I buy clothes that are durable both in terms of fabric and stitching. My clothes get very dirty after a long day at work, so it's important that they're washed at high temperatures to clean them properly. The pants must have functional pockets for tools, and the phone pocket must be closable to protect it against dust and dirt."

HANS CHRISTIAN, AGE 10

"I like going to school and spending time with my classmates. I can often spend time with my friends in my spare time. Sometimes, we get together to play videogames, and two times a week I play football at the local football club. In the basement, I have a drum kit, so I practice my drumming skills every once in a while."

CLASSIC EVERYDAY WEAR FOR KIDS

[HANS CHRISTIAN RECOMMENDS]

We also offer our popular models in smaller sizes, which are specifically designed for the active everyday life of children. With these models, you get a perfect fit and sufficient space to move freely, while the materials are durable and fadeless.

QUALITY LAB

4 steps that ensure good quality and a long product lifespan

Striving for quality is a part of our everyday life. The challenges of everyday life call for high-quality clothing. For more than three decades, the products have been tested both in our Quality Lab and by Corporate Wear customers worldwide.

Materials selection

All materials are selected with care and a focus on quality, durability and functionality. In production, environmental, ethical and social responsibility is always an element.

Quality assurance

It is important to us to maintain high standards. Quality is measured in many ways – colour consistency, material and construction testing, ensuring that the product has a long lifespan.

Good fit

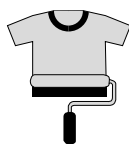

Good design and good fit are essential for employees to feel comfortable. We ensure at all times that the clothing complies with our standards for a good fit.

Wash and care

Product wash and care are up to the consumers. We make it a point to guide users to ensure even longer product lifespans.

We believe that durable quality clothes are far more ethical and responsible than the 'use-and-throw-away' culture. Read more about our responsible initiatives at id.dk/en/responsibility.

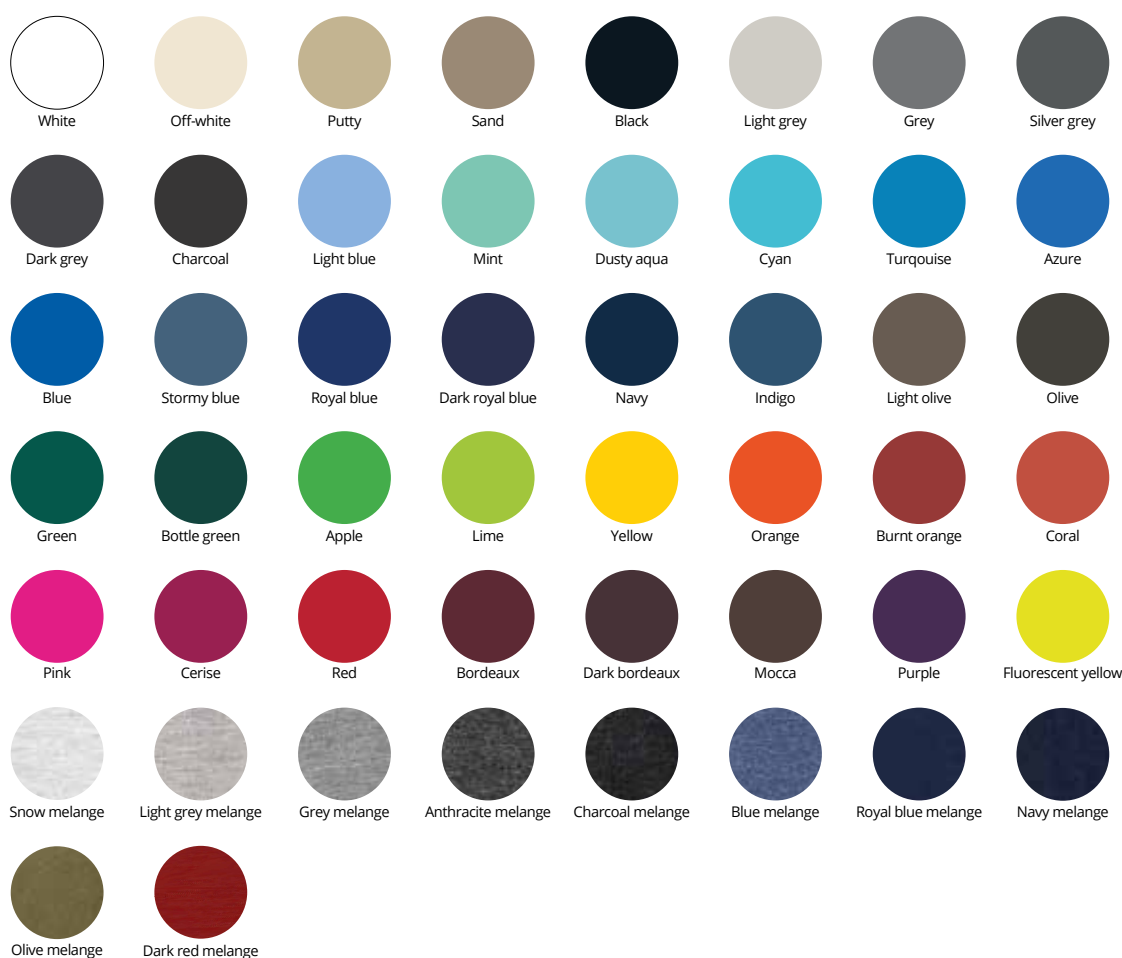

Colour overview

It is now easier to get an overview of what colours we have in the range at ID® - across brands*. Remember that you can always see which colours the individual styles are available in here in the catalogue and on our webshop: www.id.dk.

SHIRT COLLAR TYPES

The cut away collar is suitable for ties and is also considered as one of the more formal collar types

The Kent collar is distinguished by a classic shape that provides a more modern look

The regular collar tips are more widely spread making it perfect for wider tie knots

The button-down flip is with buttons, a smart business or leisure look

SHIRT - FINISH

Easy Care Easy Care-finish require minimal ironing. To achieve the best result, the shirt should be ironed after washing before it is completely dry.

The shirts can be tumble-dried at low heat and afterwards placed on a hanger

Non Iron Non Iron-finish require minimal or no ironing. After washing and possibly tumble drying at low heat, hang the shirt to naturally dry on the hanger and it is ready for use

Do you have an extraordinary passion for your work?

Here at ID®, we want to celebrate those who are extraordinarily passionate and committed to their work - those who make a difference, regardless of their title, role or job function.

The most inspiring and authentic stories are found in real life. That's why we've visited passionate people in a wide range of industries - from the physiotherapist

and the woodcutter to the surgical nurse and the aircraft cleaner.

What they all have in common is that they have a story to tell - they are passionate and proud of their work, and they want to inspire you to do your best too - every single day. Let's celebrate those with a passion and those where striving for quality is part and parcel of everyday life.
